“ When someone like Chrissy was your friend you have so many moments and each one maybe not so special at the time are what we will cling to because you are gone....Joann nails it when she speaks of Chrissy making everyone feel like that special friend and yes she made room for everyone. Chrissy has been such a piece of our life that it's going to hurt that much more when we continue our milestones and she's not there to celebrate them with us . She made every birthday and was part of the family at many holiday gatherings in my family all you needed to say was Chrissy ... everyone knew who she was! And when was there she was all hands on deck and when it got hairy she jumped in to help. She was such a huge part of our daughter Natalie's life that we shielded from telling her at first because we were away for the holiday. It was an incredible hard decision to stay in Mexico for her service but I truly believe that she would have wanted us to enjoy our vacation. Instead when FB posting began we knew nat would see it on her feed daily we have been reminiscing of racing trips pool parties BBQ and just a drive up to go to dinner, times we will never forgetShe knew we loved her ...she was good to us and there wasn't a day that Alan and I didn't stop thinking about her this week and she as michelle has said sent us signs daily that reminded us that she is safe, happy and in heaven. Live every day , love everyday and tell the ones you love how much you love them cause all our days are numbered and she as our reminder that life is so short so live it to the fullest as Chrissy did! Miss you now ..miss you Forever

“ Chrissy talked about Natalie all the time. She had such a way with kids... she will be a guardian angel to all of them. Hug Nat tight.

“ Chrissy, for as long as I've known you you've always had a beautiful soul and a gentle heart, always there for everyone, ready to lend a helping hand or some comforting words when needed. Always a great friend to everyone. You are so loved and will be dearly missed by many
Rest in peace my friend

“ Dear Chrissy, I knew of you the moment you were born; your Mom was so excited as was your Dad. I met you in August '74 as your mom needed a ride to your "appt" at the pediatrician. it was a Saturday and I didn't know the doc you would be going to had no hours that day. well, SURPRISE!!! Your Mom took me to the yard of your Nanny's house and were among the surprises waiting for me. "Sneaky" Mom wanted me to see you at my Bridal Shower. I went to your Christening and First Communion. I am grateful for having been part of those special events. May you rest in peace, dear Chrissy. Patti~~~

“ There will be a huge hole in my heart forever. You were a part of my family and I was lucky to have you as a friend. You have a huge circle of people who love you and managed to be everyone's best friend. With that said...you always made each one of us think we were your special person. I will never forget how much you helped and supported me when I needed you most. I will forever be grateful. I will miss you forever.

“ I worked with Chrissy at Coach and although it was brief I gained a friend forever. She was there and helped celebrate my and my family’s move to NC. We stain touch through messages and Facebook. She always had a smile and always cared about how you were doing. I will miss her but will always have her in my thoughts and heart. My prayers to her family at this time and hope all the best for them as they go through this loss of their daughter, sister, Aunt and Mom to her Zoe.

“ I met Chrissy through a friend, and loved her warm & inviting personality. She made me feel so comfortable at gatherings, and was always a lot of fun. Deepest condolences to her family and large circle of friends. Heaven gained an amazing angel.
